DEATH OF THE SOUL

That Is What Rev. Mr. Kinter, of Providence, Terms Ignorance.

A VERY THOUGHTFUL SERMON

Delivered in the Providence Christian Church yesterday morning—He Says the Soul Requires Instruction—Nature Has Offered No Remedy for Sinners—Those Who Refuse or Neglect All the Means of Instruction.

Rev. D. M. Kinter preached an excellent sermon at the Providence Christian church yesterday morning upon "Importance of Soul Instruction," and based his remarks upon Prov. xv, 32. He began his discourse by remarking that man had been so constructed by the Creator as both to require and desire instruction. All men come into the world ignorant of our origin, our present existence and our destiny. We know not our right hand from our left and our intellect from our necessity must be an absolute blank. Continuing, he said:

"The mind must be informed of all things pertaining to life and to godliness, time and eternity. The hands must be trained to labor and the mind must also be trained to reason."

"The text refers to three things. First, instruction for the soul. It is in a state of spiritual darkness, but it must be borne in mind that this is not accidental that we came into the world ignorant—but natural and not partially so, but universally so. 'Darkness covered the whole earth and gross darkness the people.' All therefore need instruction; but some are quicker of apprehension to receive and quicker in instruction in observing than others, but God has provided instruction."

First—By His works of creation and providence "the heavens declare the glory of God, and the firmament sheweth his handiwork." "For the invisible things of Him from the creation of the world are clearly seen, being understood by the things that are made even His eternal power and Godhead."

Second—In His blessed word there is a full revelation of His mind recorded for our learning. "For whatsoever things were written afore time were written for our learning that we through patience and comfort of the Scriptures might have hope."

The Scripture was able to make us wise, hence the necessity for a revelation. NO REMEDY BY NATURE.

Nature offered no remedy for sinners, no panacea for all the evils, no hope beyond the vale of tears but the Bible was the hope of eternal life to make us wise unto salvation.

Thirdly, by the preaching of the gospel, "Go teach etc." Ministers are sent to turn men from their darkness. What is preaching? Mr. Mark said: "Go unto all the world and preach the gospel." This was a command not to preach philosophy, theories or new ideas but "the gospel," to preach "the word" and not the fables of men, nor the speculative theology but the pure and unadorned word of Christ.

The gospel of personal salvation through faith in a personal Saviour. This truth should be burnt into the hearts of men and no compromise should be made as to its true meaning.

Some refuse or neglect all the means of instruction. They neither read, study, reflect or hear with attention and some never learn the truth. Some refuse to consider instruction. "Israel doth not know, my people doth not consider," when they come to the house of God and remain disobedient to the authority of God, "Heaveners but do not doers, etc."

But what is the folly and evil of such a refusal? For an uneducated soul is: First—In a state of degradation instruction elevates the soul whilst ignorance degrades it.

Second—An ignorant soul is necessarily unhappy. How many deplore the waste of their time in their younger days and in old age having applied their minds in the golden days of youth to profitable study? No doubt many had poor opportunities and made it their excuse, but even then they missed the small opportunities they had. How much, therefore, more important it is to seriously think of the great number that will deplore in eternity the neglect of study of the Bible as thousands do when they come to the dying bed. Would they, if they had the opportunity, once more seize it with avidity? The proof of it, said the preacher, would be for those with the remainder of life before them to eagerly study the Bible and seek this instruction.

IGNORANCE THE DEATH OF THE SOUL. Third—For an uneducated soul is evidently lost. "My people perish for a lack of knowledge." Ignorance, he said, is the poison, the disease, the death of the soul.

Fourth—How foolish and wicked it is that we neglect instruction, and especially if we consider further: The fact is that our souls are capable of unbounded and everlasting improvement. Heaven is not a place of inactivity; it is a place of perpetual unfolding of the better powers of man free from the cares and sorrows of this life, and in hell no progress was made, but an eternal night of darkness.

Second—That they are indescribably precious in the estimation of devils, angels and of their Creator.

Third—That they have been redeemed by Christ's unspeakably precious blood.

Fourth—That they are destined to live forever.

Fifth—If lost through ignorance they will be totally, eternally and irreparably lost.

Sixth—These souls too are ours "his own soul" as that to our own soul is self-murder, the willful destruction of our happiness and peace forever.

These considerations should urge us to the necessity of a continual growing in grace and a knowledge of the Christ; to a proper heart culture; to habits of study; proper thoughts—to educate ourselves for the society of the redeemed. In concluding with a powerful peroration, the reverend gentleman remarked: Brethren, how is it with you? Do you desire instruction—love it and receive it? Are you improving your opportunities to the best of your abilities? Are you daily familiarizing yourself with the word of God? Do you study God in nature, in providence, in revelation? Have you regular hours or special times for meditating upon God's word? Do you cry after knowledge—search for it as for hidden treasures? Have you, my friend, any consolation of the value of your soul? Will you not today not the part of wisdom and accept of the invitation of the great Teacher, and may the Lord help us all to learn of Him and obey His instruction.

THE SEVEN COUNTIES VETERANS.

Will Hold Their Reunion in Fairview, Pa., in August.

The Seven County Veteran reunion will be held at Fairview, Pa., August 15. It is expected to be the largest reunion of veterans ever held in that section of the state. The list of speakers who have positively accepted invitations to deliver addresses on this occasion contains the following distinguished names: District Attorney Painter, of this city; ex-Governor James A. Beaver, of Pennsylvania; Hon. John Robinson, of Media; Hon. Thomas J. Stewart, secretary of internal affairs; Judge Rice, of Luzerne county; Col. C. K. Campbell, of Pittsburg; Judge Archibald, of Lackawanna county; Captain Alfred Dart, of Wilkes-Barre; ex-Postmaster Clark, of Kingston, and Congressman J. A. Scranton.

The veterans' headquarters will be at the Hotel Anthracite, Carbondale. The music for the reunion will be furnished by the Major band of Carbondale, Bader's band of Scranton and the Ninth Regiment band of Wilkes-Barre. —Binghamton Herald.

CAUGHT On the Fly.

Every breathing spot about the city was crowded yesterday with sweltering humanity that did its best to escape the intense heat and scorching breezes. During the morning and afternoon hours the sun shone with a fierceness that made walking somewhat to be shunned. After the noonday meal thousands turned their faces towards the suburbs, and the electric cars carried untold numbers towards the open fields and shady groves that skirt the city. The Round woods, Tripp's woods, Laurel Hill park, Council park, Nay and falls, and scores of less pretentious places, were filled during the afternoon and early evening hours with those who amid these environments sought cooling breezes and refreshing shade. Nay and falls probably attracted a larger crowd than any other resort. It will win a week, it is supposed, become the property of the city to be used ever afterwards as a public park.

The statement made in Saturday's Republican that "the transfer of the Beckett estate near Nay Aug falls to the city for park purposes was changed recently through the agency of Attorney W. W. Latrobe, the representative of the heirs in this city, and that the plot contains 75 or 80 acres" is incorrect. The city has an option on 15 or 20 acres on the west side of the Roaring brook and Steel company's plot belongs to the Beckett estate, the attorneys for which recently prepared papers for the transfer of the property to the city. The execution of the documents has been postponed for a few days owing to some mislaid papers of the Lackawanna Iron and Steel company, the Consumers' Powder company, which corporations have also given the city options on Nay Aug falls property lying respectively west and east of Roaring brook. When the papers are in the present ownerships are properly prepared for execution the three properties will be transferred to the city at one time. The entire acreage of the land thus acquired for park purposes at Nay Aug will be about 150 acres.

"It will be at least three weeks before this city again receives its regular quota of western dressed meats with the promptness necessary to properly supply the demand," said a well known meat dealer Saturday. "We are now receiving a considerable supply of meat, but we cannot make any calculations on it for the reason that it may fall us at any time while the present unsettled condition of affairs exists about Chicago. During the reconstruction period that must necessarily follow this great strike much trouble will undoubtedly be found in making prompt shipments to the east. During the last few weeks the wholesale dealers of the city have had untold trouble in getting sufficient meat to even partially supply the local trade. It is to the credit of their business that they were enabled to command a sufficient supply from Kansas City, Omaha and St. Louis and get it to this city by circuitous routes in time to avoid any great scarcity. The statement that Food Inspector Thomas is credited with, to the effect that dealers took advantage of the scarcity to make an unwarranted advance in prices is the veriest drivel. The fact is that many of the dealers, especially among the retailers, conducted business at an actual loss rather than increase prices." It will now be in order for the discriminating reporter to extract another volume of wisdom on its meat question from Mr. Thomas and prove that the above statement by one of the best posted meat dealers in the city is wholly false. The argus eyed food inspector appears to be the only person in this city at present who thoroughly understands the exact status of the meat business, that is if his published utterances can be taken as a criterion.

DEATH OF CHARLES EAGLE.
A Respected Resident of Petersburg Died Friday Night.

Charles Eagle, of Petersburg, at the age of 78 years, died on Friday night. The deceased was a pioneer of this valley, and lived here when the foundation of Scranton was begun. Four children survive him, two of them being Mrs. Charles F. Wagner of the county commissioner's office and Charles Eagle of New York city. The funeral will occur this afternoon from his late home in Petersburg at 2:30 o'clock.

Dr. Gibbons, of New York city, will be in his Scranton office, 441 Wyoming avenue, every Monday from 8 in the morning until 9 in the evening.

BRIGADE CAMP ORDERS

Issued by Brigadier General Gobin, Commander of the Third.

MUST BE A FULL ATTENDANCE

Any Man Absent from Camp Without Leave is Liable to a Court Martial. Furloughs Can Only Be Granted by the Brigade Commander—Chaplain Logan Will Deliver an Address on Gettysburg—Other Notes.

General Gobin has issued the following camp order to the Third brigade: HEADQUARTERS THIRD BRIGADE, NATIONAL GUARD OF PENNA., LEBANON, Pa., July 6, 1894.

General orders No. 1: In obedience to general orders No. 6, dated A. G. O., Harrisburg, May, 10, 1894, the Third brigade will encamp at Gettysburg, Penna., from August 11 to 18, 1894, inclusive. The various companies will be put in marching order at such times as to arrive at camp as early as possible August 11. Commanding officers will pay strict attention to the order and conduct of the men and will be held strictly responsible for any violations of discipline.

Second—Transportation vouchers will be issued for each company to the regimental quartermaster, the governor's troop and Battery C. They will at once make a requisition for them upon Major H. P. Meyer, brigade quartermaster, Lebanon, Pa. They will also make requisition for the usual and necessary amount of camp and garrison equipment.

Third—Camping parties of three men from each company, with the regimental quartermaster and his assistants, will report to Major H. P. Meyer upon the ground selected for the brigade camp at Gettysburg, not later than the afternoon of Aug. 9, 1894, who will assign the ground to be occupied. Camping parties should provide themselves with not less than two days cooked rations. Transportation for camping parties will be furnished on requisition.

Fourth—All morning reports must be delivered at brigade headquarters not later than 8:30 a. m. of each day.

Fifth—The limits of the camp will be established by general order, beyond which no man will be allowed to pass without permission from proper authority.

Sixth—The utmost attention will be paid by commanders of companies to the cleanliness of their men, and to person, clothing and tent. No hair will be kept short and the beard neatly trimmed. Each man should have a change of underclothing and stockings, which must be kept packed in his knapsack. Arms and accoutrements will at all times be kept clean, and all articles of black leather polished with castor oil. No man will be allowed anything pertaining to camp will be expected.

Seventh—The attention of each company commander is called to the fact that any man absent from camp without leave is liable to a court martial, and the penalties provided by law. Furloughs can only be granted by the brigade commander on application approved by commanding officers of companies and requests for furloughs, where sickness is alleged, a physician's certificate must accompany the application. Company commanders are requested to see that their men conform to the penalties for absence without leave and the requisites to obtain furloughs, as they will be expected at the close of the brigade camp to report to the adjutant general the names of those violating the law. This is the annual encampment, at which the state expects and requires the presence of every member of the National Guard.

Headquarters of the brigade will be in camp from Aug. 11 until the close, Aug. 18, by command of J. P. S. Goss, Brigadier General, Official:—M. A. Gibbons, A. G.

NOTES OF THE GUARD.

Adjutant Millar will go to camp this year for the eighth consecutive year as adjutant of the Thirtieth regiment. He will ride Major Whitney's famous pacer, Billy and Flora, his two former mounts are dead.

The honest Gettysburg farmer is busy these warm days burying in the ground old bullets, musket balls, scabbards, belt plates, &c., &c., for the green recruit to dig for a consideration as long buried relics of the famous battles.

Chaplain Logan has prepared a valuable and correct lecture on the "Battle of Gettysburg," which he is to deliver to the several companies of the regiment as an educator and help to the boys as they will inspect daily the famous battle field.

Don't forget to sew on those new buttons before camp. Batter do it now and it will be done.

Company A has two court martials for non attendance at drill, which will receive the attention of the judge advocate in the next ten days.

Guard duty and extended order should be drilled and well drilled between now and camp.

Colonel Ripple will issue his camp order to the regiment tonight.

Colonel Ripple and staff will take their mounts to camp with them.

Qualifying at the range has been quite lively the past week.

Adjutant Millar goes to Honesdale Wednesday and Montrose Friday to hold the last non-commissioned officers' school.

The new knapsacks, knives, forks and spoons have arrived. When the Guard receives the new improved guns and cartridge belt, it will be the best armed and equipped military organization in the United States, not excepting the regulars.

A certain party Adams avenue domestic either bent upon a frolic or an ambition to be a soldier, donned the uniform of one of Company A's handsome recruits the other day. It is said she cut a natty figure and Company A wants to enlist her.

It will be Governor Pattison's last encampment as governor. He was governor when the guard was at Gettysburg ten years ago.

Sergeant Major Hughes is a pains-taker.

taking and competent non-commissioned officer of the staff, and is giving satisfaction at headquarters.

The regiment is active in its preparation for the coming encampment. It is required that every officer and enlisted man be in his place at camp. CRITIC.

CITY MUST CARE FOR ITS INSANE.

That Is the Position Taken by the County Commissioners.

A clash arose in court on Saturday over the presentation of a bill to the county commissioners by the secretary of the Scranton poor board for the expense of keeping some patients at the Hillside Home. The commissioners approved the bill sent for the board of two patients, Oliver P. Swartz, of Moscow, for \$54, and Dominick Dolph, of Blakely, for \$46.

Other bills that were presented for the keeping of Peter Frank, Dunmore; M. J. Newry, John Kosack, Patrick McGuire and Sabina Iyan, of this city, were not approved.

The reason advanced by the county commissioners for not attaching their signatures to the bills is that the patients do not belong to the Scranton poor district, and those bills that were approved will be collected from the treasurers of the Blakely and Carbondale poor districts. The opinion of ex-Judge Knapp, the solicitor of the county commissioners, is responsible for the refusal of the commissioners to approve the bills.

GREGORY DID GOOD WORK.

John Holt, While Making a Good Finish in the Road Race at Berwick, Was Injured.

Ralph Gregory, a member of the Green Ridge Bicycle club, won two third prizes in the bicycle races at Berwick Saturday. He was defeated by Corser and Henderson, the best class A riders in this part of the state. Corner derated Banker, of Pittsburg, this city on July 4. Gregory was only a few feet from the winner in both races and made a splendid finish. His work on Saturday showed a decided improvement over the form he exhibited in this city on July 4. The track was in bad condition, the racers being compelled to ride ten feet away from the pole on account of the thick grass that grew in wild luxuriance along the edge of the track. Nevertheless Gregory made the half mile in 1:11.

John Holt, of Flory & Holt, who rode in the fifteen mile road race from Woodstock to Berwick, which he won, was injured by a fall on the track, twelve miles, finishing with three miles on the track, entered the track fourth and held that position until the last lap when one of the riders ran into him, throwing him heavily to the ground, inflicting a painful scalp wound. He was carried off the track on a stretcher and is now in the hospital. There were twenty-three riders in the road race. The time being only 41 minutes which is considered very fast.

SCRANTONIANS AT LEBANON.

Carl W. McKinney and Others at the New L. I. & S. Property.

LEBANON, Pa., July 15.—Carl W. McKinney, general superintendent of the Lackawanna Iron and Steel company, Arja Williams, connected with the same company at Scranton, and J. P. Higgins, connected with the office of President Scranton in New York, arrived in this city Friday morning and were driven on a visit of inspection to the Cornwall and Lebanon depot, Colebrook Furnace, Cornwall, Ore. bank, Cornwall Anthracite furnaces and different points of interest. Superintendent McKinney pointed out the different properties included in the purchase.

Superintendent McKinney had nothing to communicate in connection with the furnace plants, but expressed himself satisfied with the results so far obtained from the Colebrook furnaces.

PICNIC OF PIONEER CORPS.

It Attracted Several Thousand Persons to Laurel Hill Park.

The picnic of St. Paul's Pioneer corps at Laurel Hill park on Saturday was a pronounced success, and the members of the corps have every reason to feel gratified.

Under the command of Captain Walsh the corps gave an exhibition drill at 3 o'clock in the evening. It was a most pleasing feature of the picnic and delighted the two or three thousand persons who witnessed it.

The dance music was furnished by Hayes Bros' orchestra. Under the capable management of Timothy McCoy the programme of pleasure was carried out to the enjoyment and profit of all concerned.

DID A DESPERATE DEED

Attempt Made to Blow Up the Residence of Bryan Healey of Dunmore.

EXPLOSIVE PLACED ON STOOP

Fortunately It Did Not Shatter the Foundations of the Structure, and Mr. Healey, Who Slept in a Room in the Rear of the Building, Escaped Uninjured—Shock Felt for a Great Distance.

An attempt was made at 2 o'clock yesterday morning to blow up the residence of Bryan Healey on Pine street, Dunmore, with an explosive, but the effort was partially unsuccessful owing to the fact that the explosive was not placed in a proper position under the structure. The building was damaged to the extent of \$300.

Mr. Healey, who lives alone, slept in the back part of the building and escaped injury. The whole front of the building and the large porch were badly wrecked. The charge, which was unskillfully placed, did not do so much damage as was expected, and through the ignorance of those who used it the building was saved from total destruction and the life of Mr. Healey saved.

The shock was felt in all portions of Dunmore and windows were broken and dishes, cooking utensils, etc., thrown to the floor in houses that were in the near vicinity, showing that the charge was a heavy one.

PLACED OVER FRONT STEPS.

It was placed on the front porch directly over the steps, which gave it an opportunity to escape through the light boards of the porch and did not affect the foundation. Both doors of the house, which is a large double one, were blown from their hinges and completely shattered, as was also the windows and casings. Large pieces of siding were hurled around the yard.

Although Mr. Healey has a suspicion as to who the perpetrators of the deed are, there is no direct evidence as yet against any one. Some of the neighbors who were awakened by the report came from their homes in time to see two men making rapid strides in the direction of Duck street, and as they did not turn around to investigate the cause of the explosion it is thought that they were the miscreants.

Mr. Healey is an inoffensive citizen who has had no serious trouble with anyone and no cause for the deed can be attributed, unless it is jealousy on the part of Mr. Healey's success which he has attained by hard work and industry.

DAMAGE CAUSED BY EXPLOSION. The damage created will probably amount to \$350 or \$300. Public indignation has been aroused and if the malicious perpetrators of the act are found they will undoubtedly be severely punished.

The scene of the explosion attracted thousands all day yesterday.
